(Exceptions to this regulation include research stipends or work-study payments, and financial aid provided under special agreements signed with Taiwan Tech.).

(2) Those who are discovered to be enrolled at another university in Taiwan while they are studying at Taiwan Tech.

(3) Those who are engaged in full-time paid employment in the R.O.C.

7.5. NTUST scholarship recipients who wish to transfer to another department must re-apply for the scholarship from the new department. This is because the scholarship awarded by their original department is not transferable to the new department.

7.6. Scholarship recipients are not allowed to receive both an NTUST scholarship and any other scholarships (such as those awarded by the Taiwan Government, other government agencies or other organizations) at the same time. As soon as the OIA receives notification from the relevant agency that a student has been awarded an outside scholarship, the student will no longer be eligible to receive an NTUST scholarship.

7.7. For the NTUST scholarship recipient, both those receiving a full monthly stipend and those with a partial monthly stipend, the department or thesis advisor must provide NTD6,000 of the monthly stipend to master's students and NTD6,000 of the monthly stipend to doctoral students, with the remaining portion of the stipend provided by the university. This regulation will be applied beginning from the second year of master's and doctoral degree students, and continuing into the third year of doctoral degree students; some of the departments may put his policy into practice starting from the first year. For example: a master's degree student with a full monthly stipend will receive NTD6,000 from the department and NTD6,000 from the university.

7.8. The NTUST scholarship covers tuition and credit fees; however, recipients are responsible for miscellaneous expenses, including internet, insurance, and dormitory fees.

7.9. How do you begin receiving your scholarship payment?

After you have arrived at Taiwan Tech, you must apply for an Alien Resident Certificate (ARC). Once you have your ARC, you must go to the campus post office to open a postal savings account. After that, please log in to the **Student Information System** to register your information. Please make sure that all the information you have provided is correct; otherwise, you may not be able to receive your scholarship. Because of the high volume of administrative processing work at the beginning of a new semester, scholarship students should expect to receive their **September and October stipend payments around**

the end of October, while February and March stipend payments will be deposited around the end of March. Because of this, students should come to Taiwan with sufficient funds to cover their first two months' living expenses. Also, please note: Because of administrative delays caused by the Lunar New Year, there may be a delay in the depositing of scholarship stipends over the Winter Vacation. So, scholarship students are advised to save some money ahead of Winter Vacation to get them through any delay until their next stipend is deposited.
