**Notes :**

If the college/university does not set the day of registration, then the deadline for registration and paying tuition and fees will be the registration day.
2. For students who apply for leave of absence or voluntary termination of studies, the date of the leave or termination for purposes of calculating refunds should be the day the students (or parents) apply to the college/university officially for leave of absence or voluntary termination of studies. For students who are expelled from the university, the date of the expulsion should be the day that the official expulsion notice is received. However, if the student continues their studies while appealing the expulsion, then the official date of the expulsion should be the day that the student actually leaves the university.
3. Students who apply for leave of absence or voluntary termination of studies should complete the process of leaving school before the deadline set by the university. If the process is delayed for reasons for which the student is responsible, then the date for calculating refunds will be the day that the student actually leaves school.
4. Each college/university is not allowed to accept any fees before the scheduled starting date of the semester, as indicated on its official academic calendar.
